Configuration

Addon settings are configured in the Manage Addons form.

Name	Value	Type	Description
AutoSearch	True	Boolean	Defines whether the search should be automatically performed when the form opens.
AutoLogin	False	Boolean	Defines whether the addon automatically logs into Netflix.
Username	Text	String	The username used to log into Netflix if AutoLogin is enabled.
Password	Text	String	The password used to log into Netflix if AutoLogin is enabled.

Using this Addon

1. Open a request and click on the **Netflix tab**.
2. If Netflix has been set to sign in and search automatically for the LoanTitle, the form will open to a list of the search results from Netflix using the account information provided in the Manage Accounts settings for Netflix. If the **Netflix Username and Password** are not provided in the Manage Accounts settings for Netflix, the Netflix Sign In form displays when you click the Netflix tab.
3. A search will automatically be performed for the Loan Title and the results will be displayed.
4. If the search is not set to start automatically, you will see a blank page instead of a list of Netflix Search results.
5. Start the search by clicking the **Search button** on the Netflix ribbon.
6. Use the **Back, Forward, Stop** and **Refresh buttons** in the Netflix ribbon to move between pages, refresh pages and stop loading a page.
7. Click on the item in Netflix you want to select to bring up that item page.
8. If this is the item you want to use, you can order the item through Netflix.
